### Extraordinary Pens

Extraordinary Pens				
1	Crocker	1910	#2 Blow-fill ring-top in Gold-filled "Filigree" on BHR. This is a pneumatic-fill pen! The bladder is depressed by the user putting the end of the barrel into his or her mouth and blowing (note the small hollow nipple on the bottom of the barrel). The air pressure collapses the bladder, which is then put into the ink bottle (yes, still in the user's mouth) and released so the ink draws into the pen! Fine, flexible nib. A unique pen, and extremely rare in the small model, and more so with the overlay. Near mint	\$500
2	La Plume D'Or	1924	Bibax capillary-fill Taper/Cone Cap in Red Mottled Hard Rubber. Extremely rare. Information found in " <i>Une Affaire de Stylos</i> " Quintette (1990) [in French language only]. Barrel imprint "Le Bibax B.S.G.D.G. Unis France." "B.S.G.D.G." is the abbreviation for "Breveté Sans Garantie du Gouvernement" which means "Patented without State Guarantee." There is nothing inside the pen, but it is NOT an eyedropper-fill. There are four long slots in the back of the feed. The filling design is to put the pen, nib down, into an ink supply, and the barrel fills through the principle of liquid settles to its own level. The ink in the barrel now acts as the ink reserve. Very rare and very collectible! Hallmarked 18C, fine nib, reads "Warranted OR 18 CTS Osmi Iridium." New-old-stock. Mint.	\$600
3	Mabie Todd	1915	Swan #2 eyedropper-fill in Sterling Silver "Three-Leaf Filigree" pattern on BHR. Extremely rare and beautiful! Medium, flexible nib. Not polished – will do on request. Near mint.	\$600
4	Moore	1920	#2 Safety eyedropper-fill in Gold-filled. Alternating chevron and plain panels pattern. Indicia engraved in Olde English: "Delia." Medium, flexible nib. A spot of brassing on the posting knob and one small ding in the bottom of the barrel, otherwise near mint. Very rare!	\$550
5	Montblanc	1946	139 PIF in Black Celluloid. GFT, except for outer cap bands which are in sterling silver. Visualated barrel. Three-tone, medium, flexible nib. Near mint.	\$3000
6	Montblanc	1955	149 PIF in Black Celluloid. GFT, except for outer cap bands which are in sterling silver. Visualated barrel. Three-tone, medium/fine nib. Near mint.	\$2200
7	Parker	1917	#16 "Turban Top" eyedropper-fill in Gold-filled Filigree. This pen came with two different shaped gripping sections. This one has the rarer "hourglass" section." Rare & beautiful. Medium, flexible nib.	\$700
8	Parker	1927	Duofold Sr. BF in Mandarin Yellow. GFT. Medium/fine nib. New-old-stock. Mint, with just the slightest tinge of red where the barrel is protected by the cap.	\$1600
9	Parker	1929	Duofold Sr. Streamlined BF in Jade. GFT. Medium/fine nib. Mint color and condition!	\$900

10	Wahl Eversharp	1935	Doric LF in Cathay (perhaps the rarest color). GFT. One reason it is so rare is the fragility of the celluloid, which is prone to crazing. This one is perfect, but note that our one-year warranty applies only to the functioning of the pen, not its physical condition. Broad, "Signature" nib. The barrel is a little darker than the cap, and there is a surface scratch here and there, otherwise near mint.	\$450
11	Waterman	1900	404 Straight Holder eyedropper-fill in Sterling Silver "Chased" design (snail repousse). No dents, dings and a non-engraved indicia. A few light scratches on the posting knob, caused by posting the cap, otherwise near mint+. It would be extremely hard to find a nicer example.	\$3000
12	Waterman	1908	12 eyedropper-fill Cone Cap filigree in .999 Fine Silver "Nouveau" pattern. The cap with a single flower and the barrel with two flowers. Quite rare. A little ambering/oxidation to the barrel. Medium/broad, italic nib. I have not polished the pen, but will do so on request. This would also remove some of the oxidation. Near mint.	\$1000
13	Waterman	1907	18 eyedropper-fill Cone Cap in smooth Black Hard Rubber. The smooth model is rarer than the chased version. Medium, flexible nib. Close to new-old-stock, with just a touch of imprint wear (fully readable) from being around for 100+ years.	\$750
14	Waterman	1928	94 LF in Olive Ripple. GFT. Barrel engraved "Circumnavigators Club February 26, 1931." This club was founded in 1902, when circling the globe was a major achievement. Notable members include Harry Houdini, John Phillips Souza (who wrote the Circumnavigators Club March, Admirals Perry and Byrd, General John Pershing, Presidents, Taft & Hoover, Gen. Douglas MacArthur, author James Michener, Senator John Glenn, Walter Cronkite, Norman Vincent Peal, Captain Jacques-Yves Cousteau, to name just a few. Own a piece of history! Fine, flexible, italic nib. Near mint.	\$450
15	Waterman	1929	Patrician LF in Black Hard Rubber. GFT. Fine, flexible nib. Waterman's largest pen at the time. Most often found with imprint wear, this example is perfect. New-old-stock. Mint.	\$1100
16	Waterman	1929	Patrician LF in Nacre (Black & Pearl). GFT. Fine, extra-flex nib. New-old-stock. Mint -- perfect color!	\$1900
17	Waterman	1929	Patrician LF in Nacre (Black & Pearl). Mint color! You may never find one nicer. NPT. Fine, italic nib.	\$1900
18	Waterman	1929	Patrician LF in Turquoise (Blue and Bronze). GFT. Fine, flexible nib. New-old-stock. Mint with perfect color! You won't find one nicer.	\$2000
19	Waterman	1930	Patrician LF in Moss Agate. GFT. Waterman's largest and first celluloid pen. While other pen manufacturers had made the switch to celluloid years earlier, Waterman kept making rubber pens. Fine, flexible, italic nib. Near mint+ (could be new-old-stock).	\$1650
