RETURN PRIVILEGES, POSTAGE and WARRANTIES (see website for complete information):

You have five (5) days from receipt of a pen to return it for any reason. All pens are restored unless specifically noted in the description. **Postage & Insurance are additional.** All pens are shipped insured. For shipments in the US we prefer USPS, and outside the US we prefer Express Mail International. We will of course use other shippers at customer request.

Generally, our pens are warranted for 90 days. Unfortunately, we sometimes cannot restore some modern pens (post-1970) due to lack of parts or inaccessibility to the mechanisms (many modern pen companies manufacturer their pens with the plan that no restoration will ever be done). If we can't restore the pen, you *may* still have some recourse through the manufacturer or distributor. We can provide contact information for you on request. Thank you for your understanding.

NIBS: Note: A Semi-Flex nib will flex with moderate pressure. A light hand will see no line variation.

When reading item descriptions, please assume each nib is original for its pen, and is 14K gold, unless otherwise noted.

Extraordinary Vintage Pens				
1	Parker	1905	Parker 14 eyedropper-fill in gold-filled "Filigree" on Red Hard Rubber. Extremely rare, and even more so with the Parker signed "Von Valkenberg" clip (see patent here). Parker #3 fine, flexible nib. Near mint+.	\$4250
2	Parker	1910	Parker 15 Turban-Top eyedropper-fill in BHR. The barrel covered in corrugated pearl slabs with two wide gold-filled repousse bands. The cap in GF Filigree. Everything about this pen is rare! Fine nib. Near mint+	\$2750
3	Parker	1910	Parker 14 BF in BHR with Sterling Silver "Filigree" overlay. Particularly rare with the Inner cap also sterling covered and with the knurled center ring which emulates the more common BHR knurled inner cap. NP clip (correct - the clip never came in sterling silver). Medium nib. Near mint+. Will polish on request.	\$1300
4 5	Conklin	1930	Conklin Endura Sr. LF set in Sapphire Blue. GFT. Set off with inlaid red bands. Medium/fine nib. A highlight of this Catalog, as the set is new-old-stock, in absolutely mint condition, the pen and pencil also both with its original barrel labels. In original presentation box (a little wear). You'll never find a better example. Twist-activated Pencil.	\$1500
6	Pelikan	1929	Pelikan 1st Year Model, re-named the Model 100 in 1931 when Pelikan added other pens to the line. Excruciatingly rare! This was Pelikan's first ever fountain pen, introduced after almost 100 years of being in business. Jade binde (slight darkening) and BHR, bandless cap. GF clip. Visualated amber Bakelite barrel (dark from age, but you can see light shined through it). Correct 1st year nib with heart-shaped vent hole. Parallel sides on the inner-cap (later became tapered) with "4-chick" logo imprint. Medium/fine, flexible nib. Near mint.	\$2400
7	Pelikan	1937	Pelikan 101N PIF in Tortoise with matching cap and cap top. Rare, war-time model with fluted cap band and clip. Because gold was required for the war effort, the trim was simply brass and neither gold-plated nor gold-filled. Amber visualated barrel. Medium, flexible nib. Near mint+.	\$1600
8	Pelikan	1942	Pelikan 101N PIF in Tortoise with matching cap and cap-top. GFT. Visualated green acrylic barrel. Correct, black turning knob and black synthetic piston gasket. Fine nib. New-old-stock. Near mint+ with original barrel label (although worn and unreadable).	\$1350
9	Waterman	1910	Waterman 324 Taper-cap ED-fill in BHR with aluminum barrel overlay. Fine, flexible nib. The barrel would have originally had a light coating of black enamel (through a process called "Japaning"), most of which has worn off over the years, but it doesn't change the rarity of the pen. Fine, flexible nib.	\$6000
10	Waterman	1930	Waterman Patrician LF in Turquoise. GFT. Wonderful broad, italic, semi-flexible nib. The Patrician was Waterman's first celluloid pen, coming after most major manufacturers had made the switch. Near mint+]	\$1750

13	Montblanc	1923	Montblanc 00 Baby Safety eyedropper-fill in Black Hard Rubber. 18K gold-filled overlay. The cap with one and the barrel with two chased repousse floral bands. A Page of Waterman CF Pens - Mint-in-the-Box

The futuristic-designed "CF" *Cartridge-fill" was designed by master designer Harley Earl of automotive fame. The pen was sold with only a cartridge, which are rare today. Each pen below comes with two cartridges which can repeatedly be refilled using a syringe (let us know if you need the syringe). They never came with a converter, although these were made separately and are excruciatingly rare today. We have enough to be able to provide one for each pen below at a small additional cost. The CF was made in the USA, UK and France, in several styles and price points. The gripping sections on the higher level models have long inlaid metal shoulders, adding to the futuristic design. Student models lack both this trim and the solid gold nibs. Matching pencils were produced and, in later years, ballpens as well.

Featured - Two Pages of Vintage Eversharp Skyline Pens

The Eversharp repeater pencil (1936) was doing well in the marketplace, but competitor's businesses were outdoing them. Industrial designer Henry Dreyfus was brought on to design a competitive line of pens and pencils. Thus, the Skyliner was born early in 1941 (soon renamed "Skyline"). When the cap is posted onto the tapered barrel it becomes a very comfortable writer. In a few short years, the Skyline became the best selling pen in the USA!
